

Autel Introduces Most Affordable Complete TPMS & Diagnostic Scan Tablet MS906TS TPMS & SCAN TOOL COMBINATION

FASTER PROCESSOR / SUPERIOR SOFTWARE / LARGER MEMORY / BIGGER BATTERY

The wireless **MS906TS** shares the same features as MS906 and is an industry first combining advanced diagnostics with complete TPMS functionality. Now technicians don't need a secondary TPMS device to trigger, program, or relearn Autel MX-Sensors and quickly test all vehicle systems with one ultra-fast, lightweight, touch screen tablet.

MAXISYS MS906TS

- Retrieves module information from Body, Chassis, Powertrain, Information & Communication
- Instantly retrieves vehicle ID, Make, Model and Year
- Quickly detect and display faults and trouble codes
- Four-mode live data viewing / printing / storing / playback
- The unique Dedicated Services Section includes oil service reset, EPB, ABS/SRS and SAS services
- Full-screen waveform graphing analysis of up to three system parameters with trigger-type recording modes
- Active test functions perform vehicle-specific sub-system and component tests to determine system integrity
- Embedded antennae triggers all known sensors and programs Autel MX-Sensors as universal replacements
- Dedicated, comprehensive TPMS diagnostic services
- Autel's exclusive TPMS Status Screen quickly pinpoint faults
